Morning Sessions:

Discovering your Potential: *Being the ROCK in Turbulent Times*

Why do you think people talk of thinking “outside the box”? What is the box? Where did it come from? How is abundance created outside of the box? Becoming aware of the limitations boxes impose can be challenging, but empowering. You’ll see how to BE free of societal boxes allowing your true strengths to emerge.

Understanding the Balance in Self: *Stop Wasting the Band Aids*

How has workplace stress affected your organization? Why don’t you think most “skills” trainings are effective? While these are two diverse questions; both link to a common myth of behaviorism. To maximize existing skills, we will embark on a journey of inner exploration, one that focuses on the core of who you are. This session provides fascinating insight on how to identify the context of life.

Embracing Challenging People: *The Art of Building Powerful Relationships*

What types of judgment do you face in the workplace? The core of any business is relationships. Judgments push relationships in a single direction. This session exposes the little judgments we make in everyday life, while introducing the capability for creating powerful relationships.

Lunch—to be provided

Afternoon Sessions:

Balancing Ego with Humility: *Aligning Inner Needs and Outer Pressures*

How would you appraise your emotional intelligence (EI)? How might EI be a balancing tool for ego and humility? Many studies have proven EI plays a profound role in measurable success. This session will set in motion your passage to EI empowerment.

Your Empowering Roles: *Eliminating Stress through Emotional Intelligence*

What would it be like to live in harmony? While tasks alone can define one’s role, the knowledge produced, transferred and applied exceeds hierarchy. The final session will fuse the previous concepts into a system of understanding. Within this system you can expect new-found inspiration, as the walls of the box fall flat.
